BUCKET BUNKER®

PRO SERIES

Built for Full Size Skid Steer Attachments, Mini-Excavator Buckets, & More!

AUGER PRO™

Built For Full Size Skid Steer Attachments
SKU: 400100

A pioneering and versatile attachment rack designed for the construction industry's most demanding tasks. Engineered to enhance efficiency and productivity, the Auger PRO expertly accommodates an extensive range of attachments, making it an indispensable tool for any construction site.

Multi-Functional Design: The Auger PRO is the industry's first choice for versatility, allowing users to securely transport and store various attachments in a single, convenient system.

Attachment Compatibility: The Auger PRO can hold a wide array of equipment, including:

- 1 Auger Drive or Hydraulic Breaker: Perfect for drilling or demolition tasks.
- Up to 3 Auger Bits: Accommodates bits with a maximum diameter of 36 inches for enhanced digging capabilities.
- 2 Standard Skid Loader Buckets: Keep your worksite organized and ready with dual bucket storage.
- 1 Set of Pallet Forks: Ideal for heavy lifting and material handling.

Ample Storage Space: The Auger PRO features two large internal shelves, providing additional storage for tools and accessories, ensuring that you have everything you need right at your fingertips.

The Auger PRO is built for durability and ease of use, making it the ultimate solution for contractors looking to optimize their workflow while minimizing the hassle of transporting heavy equipment. Upgrade your attachment management with the Auger PRO and experience the difference of superior functionality and reliability on the job site.

GRAPPLE PRO™

Built For Full Size Skid Steer Attachments

SKU: 400200

The absolute solution for construction professionals seeking efficiency and versatility in their operations. Built robustly to accommodate standard size attachments, the Grapple PRO stands out as a game-changer in storage racks designed specifically for heavy-duty tasks.

Engineered for those who tackle various jobs on-site, the Grapple PRO allows you to truly 'load and go' with unmatched convenience. Say goodbye to clutter and subpar storage options. This innovative attachment rack simplifies your workflow by enabling you to transport multiple essential tools and equipment in one trip, dramatically saving you valuable time, space, and effort.

Large Capacity: Securely holds one grapple bucket or another large attachment on top, accommodating your biggest tools.

Versatile Storage: Includes designated space for one standard skid loader bucket and one auger drive or hydraulic breaker, ensuring you have all you need for the job at hand.

Auger Bit Storage: Efficiently stores up to three standard length auger bits (maximum diameter of 36 inches) for easy access without the hassle.

Pallet Forks Friendly: Comes with a dedicated slot for one set of pallet forks, enabling seamless transportation of materials.

Don't compromise your productivity with inefficient storage solutions. Upgrade to the Grapple PRO Attachment Rack and discover how it can transform your daily operations. Equip yourself with the right tools and enjoy the ease of organized transport, making your workday more efficient than ever. Experience the power of organized mobility with Grapple PRO – your ultimate partner in the field.

MINI-EX 6T XL™

Built for 6-Ton Mini Excavator Buckets & Attachments

SKU: 500650

The Mini-EX 6T XL is Bucket Bunkers®' expanded attachment rack, designed specifically for larger mini-excavators. This version offers all the convenience and functionality of the original Mini-EX 6T, but with greater capacity, letting you carry even more essential attachments in a single, easy-to-use unit. The Mini-EX 6T XL has an expanded storage space of 100" x 36" x 10", giving you additional room for larger tools and attachments, making it perfect for bigger jobs.

Like the Mini-EX 6T, the Mini-EX 6T XL is straightforward and versatile. It includes the same sturdy bucket hook that allows for seamless lifting and lowering of the bunker using your excavator bucket. This hook also attaches securely to the excavator blade, making transportation around the job site safe and efficient.

The Mini-EX 6T XL is a must-have for any operator of a larger mini-excavator who needs a convenient, time-saving solution for transporting attachments. With its increased capacity, you'll be able to tackle larger projects without the hassle of multiple trips. Order the Mini-EX 6T XL today and experience why Bucket Bunker® remains the top choice for attachment solutions!
