

DEBRIS/LEAF BLOWER

Perfect for golf courses, parks or large estates.

The PB350 PTO driven blower is capable of blowing leaves and debris at 11,000 CFM and can change direction by using the diverter. It operates on 25-35HP tractors with a 3pt hitch.

- 30HP minimum, 3pt hitch tractor required
- 36" x 10" 8 fin aluminum fan for high output
- Adjustable air flow chute to discharge to left or right
- 11,000 CFM (cubic feet per minute)
- 80 Decibels
