

# PRODUCT BULLETIN

**NUMBER: MKSB060**

**DATE: 28 August 2020**

**New Product:** Engine Powered Snow Thrower

MK Martin is happy to introduce a new self powered snow thrower for compact skid loaders and tractors without hydraulic remotes. Easy to attach, with no drive lines or hoses to worry about. The engine belt drives the shaft which transfers power to the rotor via a roller chain.

**Pricing & Availability:**
