BBSS	60" Switchback Bolt On SS Plate - 60"	850	\$278.00

Box Blade

The Switchback is the box blade scraper that doubles as a snow pusher.

Grading and leveling is easily done with the Switchback's replaceable cutting edges on both the inside and outside of the box. The adjustable rippers featuring replaceable teeth prepare hard packed surfaces for smooth grading.

When the snow falls, the Switchback becomes a front mount snow pusher simply by bolting on the mount plate and removing the rippers and 3PH links.
